Mission & Vision:

**Mission:** Our mission is to develop a symbiotic relationship between the institution and society at large by providing the students with an environment conducive to the all-round development of their intellectual, aesthetic, spiritual and social abilities. The seminal objective is to instill self-confidence, integrity, honesty, social responsibility and a spirit of adaptability to global changes among the students to help them to learn, grow and evolve to realize their aspirations.

**Vision:**

*’Arise, awake and stop not till the goal is reached’*
- Swami Vivekananda

The goal of Bhairab Ganguly College is to impart value-based quality education which will enable our students to hone their academic competence and fine-tune their aesthetic sensibility towards building a holistic culture. We are relentlessly working towards

- Making our college one of the most sought-after educational institutions at the state and national levels.
- Providing efficient training according to the changing demands of society.
- Ensuring an open, secular and democratic intellectual environment in which students from all cross-sections and strata of the society can freely exchange their views and build themselves up to function not only as responsible individuals but also efficient and conscientious members of a team.

"*Vision is the art of seeing what is invisible to others*"

Inception:

Bhairab Ganguly College is an important academic institution situated at the northern fringe of the Kolkata metropolis, in the north of Dunlop bridge nodal point. The college is located at the core of Kamarhati Municipal area with Barrackpore Trunk Road in the west and Sealdah Main Section railway track in the east. It is well-connected by bus and rail routes. The college was established on 3rd September 1968 with a vision to open a gateway of higher education for the youth of the locality. It turned out to be a distinguished landmark of higher education. Sri Jibandhan Ganguly, a renowned social worker, philanthropist and educationist, along with some local educationists, approached the then Government of West Bengal in 1955 to establish a Degree College on eleven bighas of land, to be contributed from his ancestral property. The Government of West Bengal accepted the proposal, acquired the land along with fourteen bighas of vested adjacent lands and proceeded with the construction of the college. The college was named after Late Bhairab Ganguly, the great grandfather of Sri Jibandhan Ganguly. It became a Government sponsored college and was recognized under section 2(f) and 12 (b) of the UGC Act. Bhairab Ganguly College started its journey with twenty one students and four teachers. The Arts section of Ramkrishna Mission Vivekananda Centenary College was merged with this newly established college and a good number of experienced teachers joined the new educational institution at Belgharia enhancing the faculty strength of the college.
Down Memory Lane:

Bhairab Ganguly College was established on 3rd September, 1968 with twenty one students and four teachers. Initially, the college offered courses in Science and Arts in the day section and Commerce in the evening section. At a later date, the Commerce course was shifted to the day section.

- 1979-1995: Prof. D. L. Sarkar acted as Principal. Owing to his initiative several new teaching and non-teaching posts were created. National Cadet Corps (NCC) was also introduced in the college. His able leadership set the college on its path of unhindered progress.
- 1980: Celebrations on the completion of 12 years
- 1980-81: Several mainstream subjects including Geography, Botany and Zoology were introduced.
- 1983-84: Honours course in Geography was introduced.
- 1993: Silver Jubilee Year. Cultural events and exhibitions were held with great pomp and show.
- 1995-2000: Dr. N. K. Das took charge as Principal
- 1998: Honours in Zoology and Botany were introduced
- 2000-08: Dr. B. N. Ghosh took charge as Principal. Owing to his untiring efforts, departments of Journalism, Electronics and Computer Science were introduced. New buildings were annexed.

2001: Marching Onward
- State-of-the-art Auditorium (‘Alapan’) was constructed
- Department of Urdu was introduced
- Study Centres of IGNOU and NSOU were started
- 2008: First Visit by the National Assessment and Accreditation Council (NAAC)
- 2009: Dr. Minakshi Ray took charge as the Principal. Under her dynamic leadership, Postgraduate courses in the departments of English, Commerce, Geography and Urdu were introduced. Several new teaching and non-teaching posts were created and vacant posts filled up.
- The campus and infrastructural facilities received a boost. New constructions and installations were made-Indoor Sports Complex, Annex Buildings, Meteorological observatory, rain water harvesting scheme (‘Megh Kalas’), Medicinal Garden (‘Niramoy Nikunj’a), Butterfly Garden, new Canteen Building, new Students’ Common Room, Students’ Union Room. The campus received a major facelift.
2009 onward: No looking back

- A giant step toward ICT-enabled teaching-learning method was taken with the introduction of Smart classrooms both centrally as well as for individually for departments
- 2009-10: A new feather in the cap was added with the introduction of P.G. courses in Commerce, Geography and English
- 2010: Introduction of Honours course in Physiology and General course in English
- 2012: P.G. course in Urdu was introduced
- 2014: General course in Hindi was introduced
- 2015: A step toward eco-friendly campus was taken with the installation of Solar photovoltaic power generation system
- 2016: Honours course in Sanskrit and Education were introduced. General course in Food and Nutrition was introduced.
- Swimming Pool in the campus (Construction in progress)
- History museum was set up
- Vikram Sarabhai virtual classroom was set up
- Students’ utility blocks were constructed
- Extension building for NSOU and IGNOU study centres was constructed
- Vidyasagar University Distance Education Study Centre was started
- 2016: NAAC (2nd Cycle) Peer Team visit. College was re-accredited with Grade ‘A’.

The journey ahead: Striving for Excellence...
Bhairab Ganguly College started its academic sojourn in 1968. Although, the college started its journey with only twenty one students and four teachers, over the years it has transformed itself into a centre of academic excellence. With the solemn pledge to accomplish empowerment through knowledge, inclusive growth for socio-economic programmes, sustainable development, prepare students for global requirements and generate greater scope for employability, the college relentlessly strives to nurture their competence and creativity through innovations in teaching-learning, research and extension activities. A unique milestone achieved by the college is its re-accreditation as an ‘A’ grade college in NAAC assessment. The college has been celebrating its glorious journey through its Golden Jubilee Year which commenced on 3rd September 2017. The year-long celebrations are marked by events of an academic and cultural nature. The Golden Jubilee Year will come to a formal conclusion on 3rd September 2018.
Choice Based Credit System (CBCS):

The Choice Based Credit System (CBCS) is a common minimum structure of Undergraduate courses in India proposed by the University Grants Commission (UGC). The system is to be implemented from the Academic session 2018-19. UGC has prescribed detailed syllabi for almost all subjects. However, West Bengal Higher Education Department (WBHED) has exercised the freedom to rationalize the syllabi proposed by UGC (20% deviation of the total syllabus is allowed). Accordingly, West Bengal State University has introduced CBCS curriculum for its affiliated colleges.

- Major Component Semester System: The system is composed of 6 semesters in all. The three year degree course has been structured to accommodate six semesters each of six month duration. (Year 1: Semester 1 & 2; Year 2: Semester 3 & 4; Year 3: Semester 5 & 6)
- Each semester covers a 15-week teaching (90 teaching days) period.
- Exams are to be completed within 5 weeks
- The syllabus has been designed so as to give importance to both Core as well as Elective papers.
- Not Marks but Credit System: Teaching hour for each course is to be specified. This is called credit of a course.
  - 15 hrs of teaching in a theory course in a semester is equal to one credit.
  - A 5 credit theory course is 5x15=75 hours of teaching.
  - A 2 credit laboratory course is 60 hrs in a semester.
  - Marks will be converted into grades from a grade scale of 10

In a nutshell: The Course structure (without a lab component) is classified by

- 5 credit theory: 5 hrs per week
- 1 credit tutorial: 1 hrs per week

The Course structure with a lab component is classified by 4(Lectures): 2(Lab)

- 4 credit theory: 4 hrs per week
- 2 credit lab: 4 hrs per week

Types of Courses

Courses in a programme may be of 2 kinds: Core and Elective

- Core Courses (which were called Honours, according to the previous system): There may be a Core Course in every semester. The course which is to be studied compulsorily by a student in order to complete the requirement of a programme in a said discipline of study.

- Elective course (which were called General/ Pass course, according to the previous system): A course may be chosen from a pool of papers. It may:
  - Support the discipline of study
  - Provide an expanded scope
  - Enable exposure to some other discipline/ domain
  - Nurture a student's proficiency/ skill

An elective may be - Generic Elective (GE) focusing on those courses which add generic proficiency to the students.
An elective may be - **Discipline Specific Elective (DSE)** or may be chosen from an unrelated discipline.

**Credit Weighed Marking System: Performance Evaluation (SGPA)**

- **Two ways for performance indices are**
  1. **Semester Grade Point Average (SGPA)** for the current semester which is calculated on the basis of grade points obtained in all courses,
     - \( A = \sum (\text{course credits earned} \times \text{Grade points}) \)
     - \( B = \sum (\text{Total course credits in the semester}) \)
     - \( \text{SGPA} = \frac{A}{B} \)
     - \( \text{SGPA} (Si) = \frac{\sum (Ci \times Gi)}{\sum Ci} \)
  2. **Cumulative Grade Point Average (CGPA)** is calculated on the basis of all pass grades obtained in all completed semesters
     - \( A = \sum (\text{course credits earned} \times \text{Grade points}) \text{ over all semesters} \)
     - \( B = \sum (\text{Total course credits}) \text{ in all the semesters} \)
     - \( \text{CGPA} = \frac{A}{B} \)

**Evaluation (Calculation of Raw Score)**

- Marks Distribution for evaluation with following credits & Marks for a Theory course/paper
  - Course credits 4

For example:
- Total Marks: 75
- Distribution 25 : 50 (during semester: end-semester exam)
  - End Semester Exam: 50 marks
  - Internal Marks: 25
    - Sessional Tests/Class test/Mid-term tests 1 & 2: 20 marks
    - Attendance: 5 marks

Department of Urdu

Chronology:
2001: Introduction of General Course
2004: Introduction of Honours Course
2012: Introduction of Postgraduate Course

About the Department:
The college introduced Urdu as a General course in its curriculum in the year 2001 and in 2004 as an Honours course. The objective of the department is to equip the students for job opportunities in various sectors as well as pursue academic research. The popularity of the subject is quite evident from the ever-increasing rush of students for admission to the course conducted by department.

The faculty of the department comprises two Govt. approved contractual full-time and two Govt. approved part-time teachers. The department follows the conventional method of delivering class lectures as well as using PowerPoint presentation as a teaching-learning tool. It has a seminar library containing essential modern books on the subject for the use of the students. Additionally, the students of the department are entitled to borrow books from the rich collection in the central library.

The Higher Education Department assessment report recommended the introduction of P.G Course in Urdu. The department was granted permission for the introduction of P.G. Courses in Urdu from the academic session 2012-13, affiliated to the West Bengal State University. The first batch of M.A. Urdu has performed extremely well with ten out of twelve students securing a first class thereby setting the a high standard for the forthcoming batches.

### N.B.:

For B.Com. students IT practical classes are compulsory.

As per the requirement of the syllabus, compulsory excursions or field tours are arranged for the students of the department of Geography, Botany and Zoology (Hons. and gen. courses). In this regard, students will have to bear the expenses for the tour as far as their involvement is concerned.

### Plucked Student Registration

Those who will appear as compartmental students must enroll their names in the college office, otherwise the availability of their examination form for the next term cannot be assured. Registration and Enrolment fees for regular students are to be paid at the time of admission.

### N.B.:

Tuition fees are to be paid within the 20th day of every month failing which a late fine @ Rs. 5/- p.m. will be charged. A student who has defaulted in paying his/her fees for two consecutive months will no longer remain a student of the college and his/her name will be struck off from the register. A defaulter may be re-admitted on payment of re-admission fee and other dues at the discretion of the Vice-Principal. All payments are to be made at the College Cash counter only at specified hours. Receipts may be demanded against each payment.
# Students’ Union

The College has a recognized Students’ Union devoted to the task of advocating the cause of the student community both inside and outside the campus. An election of the Students’ Union by the students of the college is held every year in accordance with the constitution under the strict supervision of the Election Committee formed by the Principal. National Service Scheme (NSS)

The National Service Scheme (NSS) is a Government of India sponsored public service program conducted by the Department of Youth Affairs and Sports of the Government of India. It is aimed at developing students' personality through community service. The volunteers of the NSS Unit of Bhairab Ganguly College take part in various social outreach programmes, viz., visit to old age homes and orphanages, blood donation camps, illiteracy eradication programmes, tree plantation, Thalassemia awareness and screening test, campaign against use of cigarettes and tobacco products by awareness rally, eye testing camp, awareness programme on disaster management, gender sensitization, HIV, AIDS and mosquito-borne diseases etc. The NSS Unit of the College together with the Community Welfare Project named 'SRIJAN' which was established and patronized by the Principal of the College, been working relentlessly for the upliftment of the Prantik Nagar slum [the adopted slum of the NSS Unit; (Formerly Panjavila Basti), Ward No: 24, Kamarhati Municipality, North 24 Parganas]. Enlistment of volunteers against their applications is usually done at the beginning of each session on first come first served basis. Certificates signed by the Vice-Chancellor, W.B.S.U., NSS Coordinator, W.B.S.U. and the Principal of the college are issued to the volunteers participating in regular as well as special camps organized by NSS Unit. Amrita Bhattacharyya has been awarded the best NSS Volunteer by the Vice-Chancellor, W.B.S.U., has participated as an invited delegate in prestigious Indo-China Youth Exchange Programme, 2017 and also has been nominated for Indira Gandhi National Service Scheme (NSS) Award and State NSS Award for best volunteer category. Dr. Asitendu Roychowdhury, former Associate Professor in Geography, is currently the In-Charge of the NSS Unit and Dr. Saurav Shome is the Programme Officer. The college is going to open a second NSS unit in the upcoming academic session.
Important Events in the Last Academic Session

**Second Annual Convocation:**
The Convocation Ceremony is a celebration of the rite of passage of a student from the protected environment of an academic institution into the wider world. On 9th September 2017, the college proudly hosted its Second Annual Convocation Ceremony of P.G. course under West Bengal State University. The event was graced by the august presence of dignitaries including Chief Guest Swami Kirtipadananda Maharaj, Deputy Registrar, RKMVU, Special Guest Prof. Dhrubojoyti Chattopadhyay, Hon’ble Vice-Chancellor, Amity University, Prof. Basab Chaudhuri, Hon’ble Vice-Chancellor, WBSU and Dr. Minakshi Ray, Principal. Swamiji’s Convocation Address was invigorating and inspirational for the students and teachers alike. Students of the academic sessions 2014-16 and 2015-17 were awarded their certificates. It was a day of proud achievement for all the awardees. The convocation was conducted successfully with the help of teaching and non-teaching staff according to the formal rules & regulations.

**Panel Discussion and Annual Prize Distribution Ceremony:**
As part of Golden Jubilee academic events, a panel discussion on the topic, "In our Contemporary Society, Information is Knowledge" was held on 16th March, 2018. A thoroughly engaging discussion covering wide-ranging inputs from disciplinary perspectives as diverse as Linguistics, Psychology, Journalism, Ethics and Computer Science was conducted successfully. The celebrated panel-speakers presented the complex epistemological issues at the heart of knowledge systems in a lucid and engaging manner. The panel discussion set the tone for the next event of the day namely, The Annual Prize Distribution Ceremony. As the most-awaited event of an academic session, the ceremony was graced by the august presence of respected members of the Governing Body of the college, CA Srikumar Banerjee and Dr Samarendra Barik. Their presence was a source of inspiration for the students and teachers alike. As part of Golden Jubilee Initiatives, Swarno Jayanti Prize was instituted to acknowledge the overall topper across all departments. Jayashree Pan from the Department of Computer Science was the first recipient of this prestigious award. The teaching staff was rewarded on the basis of API score and the non-teaching staff on the basis of overall performance.
Social Outreach Programme

As a part of Golden Jubilee Celebrations, Social Outreach Committee of the college had organized a one-day outreach programme at Tata Medical Centre, Rajarhat on 15th February, 2018. Teaching and non-teaching staff of the college participated in the event by donating books from their personal collection, making monetary donations for books and educational games as well as conducting the various events on the day of the visit itself. The day began with a Sit-and-draw competition conducted both at the children's ward and at Premashraya, the Tata-sponsored charity accommodation for needy patients. Prizes were awarded to all the little artists as a token of encouragement. With the intention of catering to the needs of a diverse readership including patients and guardians, more than 200 books on Literature, Philosophy, Self-help and Children’s Literature were donated to the Premashraya Book Bank. Additionally, the college had collaborated with Optical Society of India (Kolkata Chapter- CU) to conduct an interactive exhibition not only with the patients but also with the parent/guardian(s). When the 3-D movie was screened for the children, tiny faces hidden behind 3-D glasses lit up with laughter. The college has been consistently making efforts to give back to society only to come back more enriched with the stories of survival.

Take up one idea. Make that one idea your life - think of it, dream of it, live on that idea. Let the brain, muscles, nerves, every part of your body, be full of that idea, and just leave every other idea alone. This is the way to success.

-Swami Vivekananda
125th Birth Anniversary of Satyendra Nath Bose

Theoretical physicist S. N. Bose (1894-1974), renowned for his path-breaking work on the foundations of Quantum Statistics, laid the basis for modern atomic theory. Concepts like Bose Statistics and Bose-Einstein Condensation have immortalized his name in the history of science. He discovered what is known as ‘bosons’ and worked with Albert Einstein to define one of the two basic classes of subatomic particles. Bose was unique among his contemporaries. He promoted the use of vernacular language as the medium of instruction in the teaching of science. Like his friend Prof. Meghnad Saha (Physicist), Bose’s nationalist credentials were never in question. Indeed, despite his deep interest in Bengali, Sanskrit and English Literature, his choice of studying science was rooted in the concept of national self-reliance, an ideal central to the Swadeshi Movement.

A Tribute to Renowned Cosmologist Stephen Hawking (1942-2018)

Stephen Hawking, the brilliant British theoretical physicist who overcame a debilitating motor neurone disease to probe the mysteries of the universe, passed away on 14.03.18, at the age of seventy six. With fellow physicist Roger Penrose, Hawking merged Einstein’s theory of relativity with quantum theory to suggest that space and time would begin with the Big Bang and end in black holes. Hawking also discovered that black holes were not completely black but emit radiation and most likely would eventually evaporate and disappear. He used a speech synthesizer that allowed him to speak in a computerized voice with an American accent. At Cambridge, he held the position of Lucasian Professor of Mathematics-the prestigious post held from 1669 to 1702 by none other than Sir Isaac Newton, widely considered one of the greatest scientists in modern history. Yet Hawking once said if he had the chance to meet Newton or Marilyn Monroe, he would opt for the movie star!
